Dear Requester,

This email is in response to your California Public Records Act (PRA) Request sent on April 4, 2017. The County sent an extension letter on April 29, 2019, stating that it would provide a determination of your request on or before May 13, 2019. The County conducted a search for responsive records and there are no responsive records for the following departments: County Counsel, Clerk of the Board, and Registrar of Voters. Attached are responsive records from the CEO's office.

The County continues to review responsive records for privilege and will provide an update on or before May 27, 2019. Nothing in this letter should be construed as a representation that the County has all of the records requested, or that such records (if they exist) are subject to public disclosure.

Dear Requester,

I am writing in response to the above-referenced Public Records Act request, which was received by the County Executive Office on April 17, 2019. The County Executive Office is reviewing your request and seeking responsive records. Pursuant to Government Code section 6253, subdivision (c), the County will need an extension of time to prepare its initial response.

This extension is due to the need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request; the need for consultation, which shall be conducted with all practicable speed, with another agency having substantial interest in the determination of the request or among two or more components of the agency having substantial subject matter interest therein; and the need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

We will provide a determination on your request on or before May 13, 2019. Nothing in this letter should be construed as a representation that the County has the records requested, or that such records (if they exist) are subject to public disclosure.
